# F1

## — GO FAST AND TAKE CHANCES WITH THE F1

When it's time to charge hard, the FIRST DEGREE F1 holds nothing back. Designed for riders who spend their days dropping the gnarliest lines or lapping the park, this gravity-driven shoe delivers exceptional durability, comfort, and grip. Its genuine action leather, reinforced toe box, and a protective rubber rand at the heel ensure the F1 is as rugged and rowdy as the riders who depend upon it. For additional protection that amplifies your confidence, the F1 features strategically-positioned shock-absorbing foam in the tongue, around the heel, and on the crank side of the shoe to absorb impacts. Its recessed lacing further enhances durability and is paired with a deep heel pocket to cradle the contours of your foot. To enhance control, boost protection, and maximize the transmission of power to the pedal, the shoe sports a stiffer outsole that also helps reduce fatigue. And for serious grip on the pedal and while hiking, this outsole showcases a specially formulated rubber compound and a hexagonal pattern.

# FLITE XT

— THE FLITE XT  
STEALS THE SHOW  
AND DROPS THE MIC

Armed with exceptional versatility and durability, it eats up climbs and spits out descents. And whether you're deep into an all-day mission, lapping the local flow trail with friends, destroying an enduro race, or just kicking back at the bar, the Flite XT ensures you're smiling the entire time. This especially rugged version of the Flite sports an upper made entirely of action leather, including an additional layer at the toe box to enhance durability. To better cradle the contours of your foot, the shoe provides a deep heel pocket and can be laced either internally or externally, offering an especially refined fit. The tongue features shock-absorbing foam that helps reduce impact energy to protect your feet and amplify your confidence. The Flite XT's mid-stiff flex effectively transfers power to the pedal while also ensuring the shoe can excel at hiking. And for outstanding grip and pedal feel, the Flite XT showcases a specially formulated rubber compound and hexagonal tread. When it's time to get rowdy, the Flite XT steals the show—and drops the mic.

# ARCADE

— FOR THE TIME  
OF YOUR LIFE, STEP  
INTO THE ARCADE

Armed with the classic style of a trusted sneaker, it pairs a fresh appearance with refined performance. Especially lightweight and flexible, the Arcade also delivers the support you need. This ensures it's equally at home lapping the park, dirt jumping, rallying the local flow trail, or kicking back at the bar. For an especially comfortable ride, its canvas upper cradles the contours of your foot and boosts breathability. The shoe's toe box and heel area also sport dirt and water-repellent suede for an elevated appearance and additional durability. A pocket on the tongue keeps your laces out of your drivetrain. The Arcade also showcases an Antidote sole made from a specially formulated rubber compound. This sole features a zonal design that uses flexible, strategically-oriented hexagonal lugs that are self-cleaning. The front and back of the sole are optimized for hiking with your bike while the lugs in the shoe's mid zone adapt to the position of your pedal pins to surround and lock onto them. For the time of your life, step into FIRST DEGREE's Arcade.
