FUSE

— UNLEASH YOUR TRUE POTENTIAL

HIGHLIGHTS

Introducing the Fuse clip-in shoe: built to unleash your true potential, even on the toughest terrain. Whether you're tackling steep climbs, technical descents, or rugged trails, the Fuse will be your trusted companion. Its recessed lacing paired with a power strap enables a customizable fit, so you can enjoy a snug, secure feel throughout your ride. The tongue features shock-absorbing foam that helps reduce impact energy to protect your feet and amplify your confidence. Say good-bye to slipping and maximize your pedal strokes, even in challenging conditions. The sole showcases a specially formulated rubber compound and hexagonal treads that provide the perfect grip for hiking with your bike. It's time to take your ride to the next level with the Fuse.

POWER STRAP
For extra support and a customizable fit

ADDITIONAL EVA INSOLE
For extra cushioning and comfort

CLIP-IN SOLE
The Fuse is compatible with most common mountain bike pedals.

FUSE AC

— UNLEASH YOUR TRUE POTENTIAL

FIRST DEGREE

HIGHLIGHTS

The Fuse AC: built to unleash your true potential, even on the toughest terrain. Whether you're tackling steep climbs, technical descents, or rugged trails, the Fuse AC will be your trusted companion. This lighter version of the Fuse is made with a mesh material that ensures breathability. Additional TPU welding elements reinforce the shoe and make it more durable. The tongue features shock-absorbing foam that helps reduce impact energy to protect your feet and amplify your confidence. Say goodbye to slipping and maximize your pedal strokes, even in challenging conditions.

POWER STRAP
For extra support and a customizable fit

TONGUE
Strategically-positioned shock-absorbing foam in the tongue to absorb impacts

CLIP-IN SOLE
The Fuse AC is compatible with most common mountain bike pedals.

THE SEEKER MARKS THE BEGINNING OF A NEW ERA.

SEEKER

DIRT | CASUAL

ALL TERRAIN

GRAVITY

No Compromises. Just Performance.

At **FIRST DEGREE**, compromise isn't part of our vocabulary. That mindset defines the **SEEKER** — a model that merges the performance of a high-end mountain bike shoe with the comfort and freedom needed for demanding hikes. One shoe for everything. Every trail. Every terrain. Lightweight. Durable. Breathable. Grippy. Incredibly comfortable. The **SEEKER** marks the beginning of a new era. At its core lies the all-new **Venom Sole**, equipped with a specially developed **Power Link** that stabilizes your heel and channels energy directly to the forefoot — for more power to the pedals with less effort. Off the bike, the system improves your stride, while a **TPU heel cage** adds stability on any trail. Finished with a grippy **Hypergrip®** outsole, self-cleaning tread, and responsive **EVA cushioning**, the **SEEKER** delivers traction and comfort — on and off the bike.

MAXIMUM GRIP. THE **HYPERGRIP®** RUBBER COMPOUND BITES INTO PEDALS AND TERRAIN ALIKE, OFFERING UNMATCHED TRACTION EVEN IN THE ROUGHEST CONDITIONS. A SELF-CLEANING LUG PATTERN PROVIDES GRIP WHERE YOU NEED IT MOST — WITH DEEP, MULTIDIRECTIONAL LUGS AT THE HEEL AND TOE, AND A DENSER TREAD ZONE IN THE PEDAL AREA FOR MAXIMUM CONNECTION.

VENOM SOLE — TRACTION MEETS COMFORT.

PREMIUM CUSHIONING THAT LASTS. THE MIDSOLE IS CRAFTED FROM HIGH-RESILIENCE EVA, ENSURING PREMIUM CUSHIONING AND LONG-LASTING COMFORT.

MORE POWER TO THE PEDALS, LESS EFFORT ON YOUR PART. AT THE CORE OF THE **SEEKER** LIES THE ALL-NEW **VENOM SOLE**, EQUIPPED WITH A SPECIALLY DEVELOPED **POWER LINK**. IT CHANNELS ENERGY DIRECTLY TO THE FOREFOOT — MEANING MORE POWER TO THE PEDALS WITH LESS EFFORT. WHEN YOU'RE OFF THE BIKE, THE SAME SYSTEM IMPROVES YOUR STRIDE WHILE THE **TPU HEEL CAGE** LOCKS IN YOUR FOOT FOR INCREASED STABILITY ON ANY TRAIL.

US 5.0-13.0

ENGINEERED FOR BOTH BIKING AND HIKING, THE SEEKER FEATURES A HIGHLY DURABLE — AND THEREFORE MORE SUSTAINABLE — CONSTRUCTION. WITH REINFORCED ZONES IN CRITICAL AREAS AND MINIMAL STITCHING, IT'S BUILT TO LAST, NO MATTER WHERE THE TRAIL TAKES YOU.

YOUR FOOT STAYS COOL — EVEN DURING INTENSE RIDES OR LONG HIKES.

The high-frequency molded tongue wraps perfectly around your foot, adapting for a snug fit. Zoned EVA cushioning strategically distributes lace pressure while maintaining breathability, allowing air to circulate freely.

LACES UNDER CONTROL — ALWAYS.

The SEEKER comes with our signature FIRST DEGREE Lace Pocket, keeping your laces safely tucked away — out of your chain, and out of trouble.

NEWLY DESIGNED INSOLE offers firm support while allowing natural movement, keeping your foot secure without feeling restricted.

BUILT TO TAKE A BEATING.

The SEEKER features reinforced TPU welding at the toecap and instep, delivering added protection and long-lasting durability.

BREATHABILITY MEETS TOUGHNESS.

Durable mesh ventilation zones in the tongue and toebox, along with perforated PU in the heel, keep your feet fresh and comfortable all day long.

FIRST DEGREE

HIGHLIGHTS

black/magenta
521900-1000/9993 US 5.0 - 13.0

The FIRST DEGREE F1 is designed for riders who push their limits on the gnarliest lines and park laps. Built for durability, it features genuine action leather, a reinforced toe box, and a protective rubber rand for maximum toughness. Strategically placed shock-absorbing foam in the tongue, heel, and crank side enhances protection and confidence. Recessed lacing improves durability, while a deep heel pocket ensures a secure fit. The stiff outsole boosts power transfer and reduces fatigue, while a specially formulated rubber compound with a hexagonal pattern provides superior grip on pedals and trails.

DURABILITY
A rubber rand at the heel maximizes durability and helps the shoe thrive in the most demanding terrain.

PROTECTION
The F1 features strategically-positioned shock-absorbing foam in the tongue, around the heel, and on the crank side of the shoe to absorb impacts. Especially thin, light, and comfortable, this shock-absorbing foam dissipates impact energy without compromising mobility.

1° LACE POCKET
Lace pockets on the shoe's tongue and side keep your laces safely tucked away out of your chain and out of trouble.

KEEPER

— YOUR ULTIMATE
COMPANION FOR ALL
CONDITIONS

HIGHLIGHTS

black
522504-1000/9110 US 5.0 – 13.0

Introducing the Keeper – your ultimate companion for conquering rugged trails and unpredictable weather conditions with confidence and style. Crafted with precision and performance in mind, the Keeper is equipped with our Elixir sole that delivers exceptional traction, durability, and pedal feel. The Keeper features a water-proof construction, complete with a closed membrane at the tongue. So, whether you’re battling muddy trails or enduring unexpected showers, your feet stay dry and comfortable. The reinforced toe box, fortified with seamless rubber protection, shields your feet from impacts and abrasions. With the Keeper you’re equipped to tackle any trail, in any weather, with unparalleled performance and style. Gear up, hit the trails, and let nothing stand between you and your next adventure.

FLITE XT

— THE FLITE XT
STEALS THE SHOW
AND DROPS THE MIC

FIRST DEGREE

HIGHLIGHTS

The FIRST DEGREE Flite XT is built for adventure—versatile, durable, and ready for anything. Whether you’re tackling steep climbs, ripping through descents, racing enduro, or unwinding after a ride, this shoe keeps you comfortable and in control. Its rugged design features a full action leather upper with reinforced toe protection for extra durability. A deep heel pocket and dual lacing options provide a secure, customized fit, while shock-absorbing foam in the tongue reduces impact and boosts confidence. With a mid-stiff flex for efficient power transfer and excellent hiking performance, plus a specially formulated rubber sole with hexagonal tread for outstanding grip, the Flite XT delivers top-tier performance on and off the bike.

ADDITIONAL LAYER OF ACTION LEATHER
Upper made entirely of action leather, including an additional layer at the toe box to enhance durability.

ELIXIR SOLE
With a specially formulated rubber compound and a hexagonal tread, the Elixir sole delivers exceptional traction, durability, and pedal feel.

TONGUE
The tongue features shock-absorbing foam that helps reduce impact energy to protect your feet and amplify your confidence.

FLITE

—THE FLITE
ENSURES YOU'RE
CLEAR FOR TAKE-OFF

HIGHLIGHTS

The FIRST DEGREE Flite is an all-terrain shoe built for all-day missions, enduro races, and after-work rides with friends. It offers durability with a rubber toe cap and heel rand, while its deep heel pocket and adjustable lacing provide a refined fit. Shock-absorbing foam in the tongue reduces impact, and the shoe's mid-stiff flex transfers power to the pedals while excelling at hiking. With a specialized rubber compound and hexagonal tread, the Flite offers excellent grip and pedal feel for any riding style or terrain.

HIDDEN EYELETS
To better cradle the contours of your foot, the shoe sports a deep heel pocket and can be laced either internally or externally, offering an especially refined fit.

ELIXIR SOLE
With a specially formulated rubber compound and a hexagonal tread, the Elixir sole delivers exceptional traction, durability, and pedal feel.

TONGUE
Shock-absorbing foam in the tongue helps to reduce impact energy. Especially thin, light, and comfortable, this shock absorbing foam dissipates impact energy without compromising mobility.

FLITE AC

—THE FLITE AC
ENSURES YOU'RE
CLEAR FOR TAKE-OFF

FIRST DEGREE

HIGHLIGHTS

Designed for the most demanding riders who seek agility and precision on the toughest trails, the Flite AC represents the pinnacle of performance engineering. This lighter version of the Flite is crafted with mesh material and offers breathability without compromising on durability or protection. The sole's specially formulated rubber is paired with a hexagonal tread that creates a powerful interface with your pedals. The Flite AC elevates your experience with the ultimate blend of agility, breathability, and precision.

ARCADE

— FOR THE TIME
OF YOUR LIFE, STEP
INTO THE ARCADE

- DIRT | CASUAL
- ALL TERRAIN
- GRAVITY
- BMX

HIGHLIGHTS

The Arcade shoes combine classic sneaker style with exceptional performance. Lightweight, flexible, and supportive, they're perfect for activities like dirt jumping, flow trails, or simply relaxing. The breath-able canvas upper ensures comfort, while the dirt- and water-repellent suede on the toe and heel enhances durability. A tongue pocket keeps laces out of the drivetrain. The specially designed Antidote sole with self-cleaning hexagonal lugs offers optimal grip for hiking and pedaling. Experience the comfort and performance of FIRST DEGREE's Arcade shoes.

DIRT AND WATERREPELLENT SUEDE

The shoe's toe box and heel area sport dirt and water-repellent suede for an elevated appearance and additional durability.

ANTIDOTE SOLE

The Antidote sole sports a zonal design that uses flexible, strategically-oriented hexagonal lugs that are self-cleaning.

LIGHTWEIGHT BUT DURABLE

The breath-able canvas upper ensures comfort, while the dirt- and water-repellent suede on the toe and heel enhances durability.

ARCADE LTD.

— GABRIEL WIBMER’S SIGNATURE ARCADE

- DIRT | CASUAL
- ALL TERRAIN
- GRAVITY
- BMX

HIGHLIGHTS

With the classic style of a trusted sneaker, the Arcade quickly became a team favorite. To make it even more iconic, we’ve teamed up with Gabriel Wibmer to create the Arcade LTD, featuring a signature colorway designed by Gabriel himself. The shoe’s toe box and heel area are reinforced with dirt- and water-repellent suede for added durability and style. The zonal sole design includes flexible, self-cleaning hexagonal lugs, optimized for both hiking with your bike and providing secure pedal grip.

ARCADE AC

— AS VERSATILE AND
DYNAMIC AS YOU ARE

HIGHLIGHTS

Building upon the success of the Arcade, the all new Arcade AC takes lightweight design and technical prowess to new heights. Crafted from breathable mesh materials, reinforced with TPU welding, the Arcade AC ensures you stay comfortable and protected no matter where your ride takes you. The shoe's Antidote sole features a zonal design that uses flexible, strategically-oriented hexagonal lugs that are self-cleaning. The front and back of the sole are optimized for hiking with your bike while the lugs in the shoe's mid zone adapt to the position of your pedal pins to surround and lock onto them. Elevate your riding experience with a shoe that's as versatile and dynamic as you are.

HIGH WHEEL

— CLASSIC FORM.
MODERN FUNCTION.

FIRST DEGREE

HIGHLIGHTS

Thanks to a high top design, the Highwheel offers significant support without compromising mobility. A lightweight mesh construction with subtle accent panels made from action leather allow the shoe to be laced especially snug for optimal heel hold. A tongue pocket helps keep your laces out of your drivetrain. Whether you spend your days dirt jumping, lapping the park, or ripping flow trails, the Highwheel rolls over your expectations for how a shoe should look and perform.

LIGHT PADDING

The ankle area features light padding for additional comfort and protection.

ANTIDOTE SOLE

The Antidote sole sports a zonal design that uses flexible, strategically-oriented hexagonal lugs that are self-cleaning.

ACTION LEATHER ACCENT PANELS

Subtle accent panels made from action leather allow the shoe to be laced especially snug for optimal heel hold.
