made 2 perform

uvex is performance.

made 2 perform is our pledge to design and manufacture products that deliver exceptional performance without compromising on safety, comfort, quality or sustainability. Products that perform – from the workplace through to the world of sports and leisure.
uvex stands for passion, motivation, and excellence. “made 2 perform” is a motivating force for our customers, athletes, uvex employees, and all those who aspire to the winner’s podium.

protecting people since 1926

Professional or recreational. Competition or fun. As one of the leading international manufacturers of protective products with headquarters in Fuerth, we at uvex inspire our customers every day with groundbreaking technologies and innovative products. 24/7 – since 1926. To achieve the best, whether in leisure, sports or work. To protect people.

sponsor of the UCI Pro Tour Team Cofidis

“With uvex variomatic® technology, I have excellent visibility in all weather conditions. Especially during races, it helps a lot to recognize obstacles more quickly.”

Emanuel Buchmann, GER

made in uvex – made 2 perform innovative. protection. sustainable.

First-rate engineering. Backed by years of expertise. Passionate about quality. “made in uvex” is more than a simple promise. It embodies our accumulated expertise in product design and innovation – since 1926. Our highly qualified team of design, development, and product management experts creates products with standard-setting performance, safety and durability. Our product development is based on extensive laboratory tests, toxic substance controls, computer simulation, and actual field tests with professional athletes. During the manufacturing phase, premium workmanship and environmental responsibility go hand in hand. “made in uvex” is our quality pledge. And our benchmark for outstanding performance coupled with ultimate protection.

Winning innovation
Cutting-edge development. Longstanding product expertise. Maximum safety. The uvex name has been synonymous with innovative products for 100 years. We surpass industry standards. We perfect and finetune our sports equipment through rigorous lab tests and field tests, and by using pioneering computer simulation.

Winning performance
Multiple test winners. Full confidence. Absolute dependability. Developed by expert engineers, tested by professional athletes. Our helmets, eyewear, and protective equipment meet the highest standards in safety and reliability. “made in uvex” quality – outstanding performance for every application.

Winning design
Perfected functionality. Top performance. Stylish looks. In our HQ at Fuerth, the design team sets new standards. Our helmets and eyewear are not only highly protective and highly durable – they are also trendsetting, statement pieces. Product design that’s visually and technically outstanding.

Winning sustainability
Responsible, innovative and future-driven technologies. Sustainable raw materials and minimal CO_2 emissions. Maximum commitment – to the planet and to our employees. That’s the essence of our Protecting Planet strategy. Our goal: climate neutrality by 2045. A bold ambition in the plastics industry. But we thrive on challenges. They push us further. And the results speak for themselves: For our consistent commitment to circular economy principles and the smart use of resource-efficient materials, the uvex group has been awarded with the German Sustainability Award 2026 in the Plastics & Rubber Industry category.

WINNER
German Sustainability Award Companies 2026

lens tech
everything in view: on trails, in races, for outdoor and leisure.

Lens technology is the uvex brand's DNA. The result of in-house engineering and our own production facilities. High tech, high quality, perfect vision guaranteed.

uvex colorvision® (CV): wow effect included

- Ultimate contrast enhancement
- Maximized color perception
- 100 % UVA, UVB, UVC protection up to 400 nm

uvex polavision® (P): less glare, more joy

- Fewer distracting reflections
- Minimized glare reduces eye strain
- Better detail vision, even in difficult light conditions

uvex variomatic® (V):
the quickest reaction you can imagine

- Automatic, stepless self-tinting
- Three protection levels in one product (cat. 1–3)
- From light to dark in 25 seconds

uvex supravision®:
unequaled anti-fog performance

- 200 % more anti-fog (vs. standard)

100 YEARS uvex

uvex ultimate line

100 years of excellence. 100 years of innovation. ultimate performance.

uvex ultimate line is the culmination of one hundred years of expertise and the tireless pursuit of perfection in safety and performance. Developed in collaboration with athletes, built to meet the highest standards.

ultimate performance – made for you.

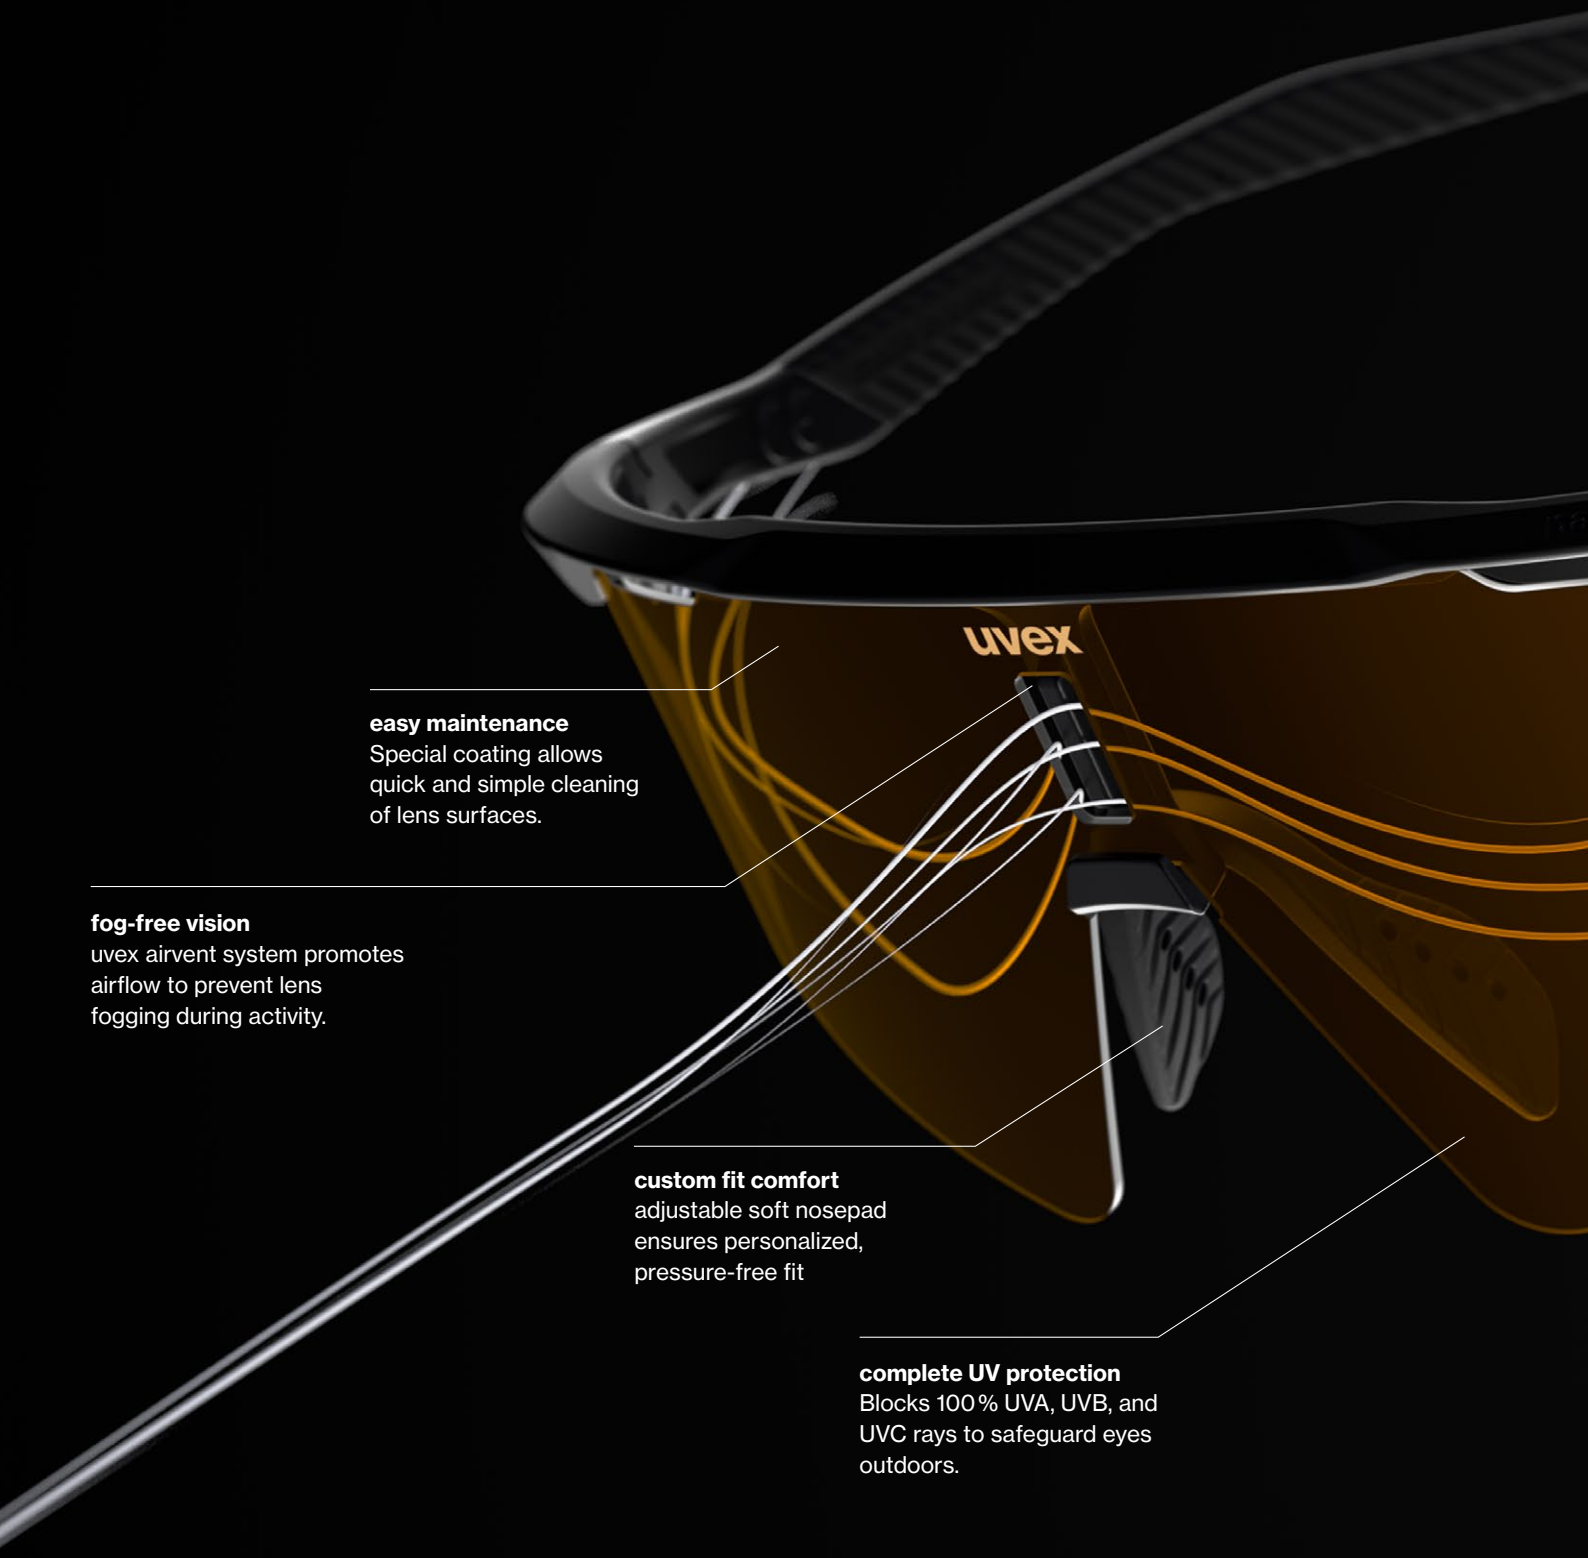

uvex ultimate pace ultra V CV
breathe. adapt. dominate. uvex airvent keeps your vision clear with unstoppable airflow. uvex variomatic® & uvex colorvision® sharpen every detail – see more, react faster.

tech summary

Lens technology

uvex colorvision®

The four innovative uvex colorvision® tints provide ultimate contrast and perfect vision – with a matching lens for every situation.

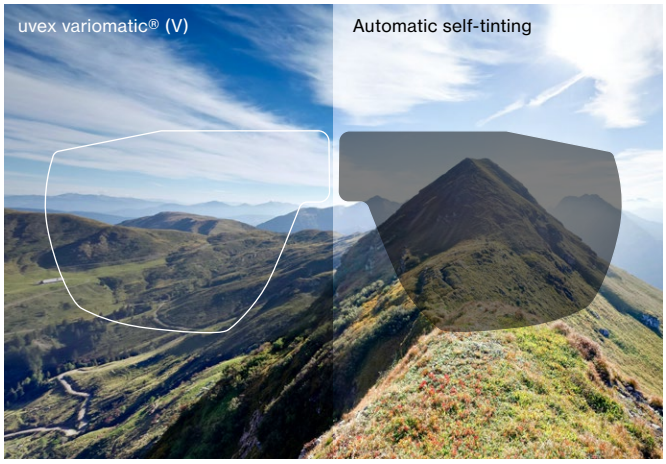

- Ultimate contrast enhancement
- Maximum color perception
- 100 % UVA, UVB, UVC protection up to 400 nm

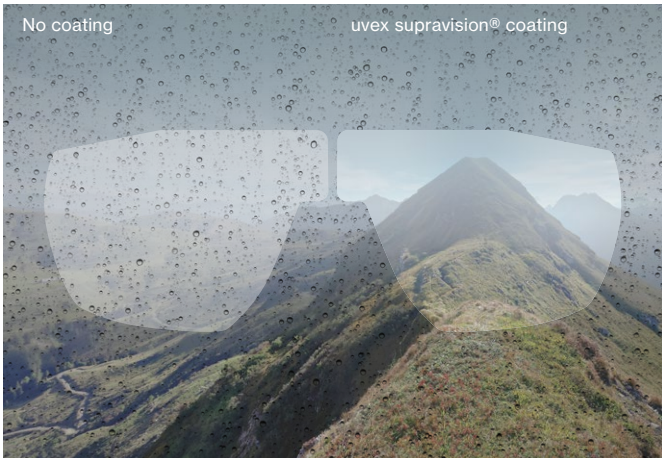

uvex variomatic®

Eyewear with uvex variomatic® automatically reacts to the natural light conditions.

- Automatic, stepless self-tinting
- From light to dark in 25 seconds
- Three levels of protection in one lens (cat. 1–3)
- 100 % UVA, UVB, UVC protection up to 400 nm

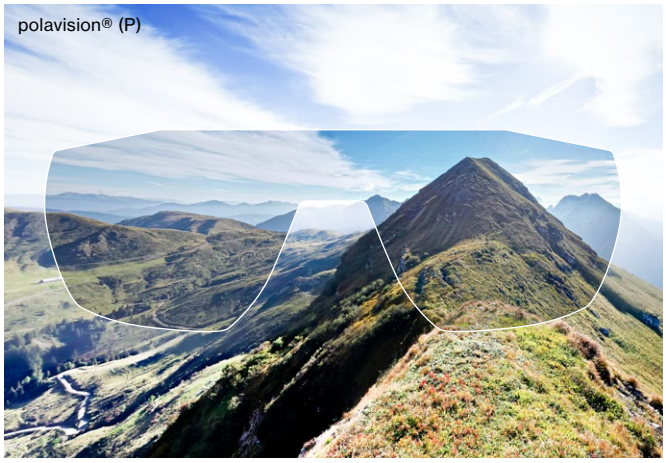

uvex supravision®

The uvex supravision® coating ensures fog-free vision without affecting the optical quality of the lens. It remains fog-free for twice as long as specified by the standard.

- 200 % more anti-fog (vs. standard)
- Break-resistant for maximum protection
- 100 % UVA, UVB, UVC protection up to 400 nm

uvex polavision®

Reliable protection against reflections and glare: the lenses of the uvex polavision® series absorb diffused light and reliably protect the eyes from overexertion.

- Polarizing lenses against annoying reflections
- Reduce stray light and glare
- For a comfortable viewing experience

uvex variomatic® colorvision®
uvex variomatic® meets uvex colorvision® technology: lens tinting and contrast enhancement – in a single, innovative uvex lens. Made for sports activities in any weather and any environment.

Decentered lens technology
Distortions and curvatures in the field of view can quickly lead to irritation. uvex therefore uses grade 1 decentered lenses, which allow a distortion-free view.

Direct lens ventilation
The uvex temperature competence ensures permanent, draft-free ventilation. This keeps the field of view fog-free twice as long as conventional standards demand.

Easy to clean
The special coating on the lens allows moisture or fingerprints to be easily removed.

VPX
uvex sunglasses with variomatic® polavision® extended technology (VPX) – featuring automatic, stepless self-tinting in all light conditions, as well as secure protection against glare and annoying reflections.

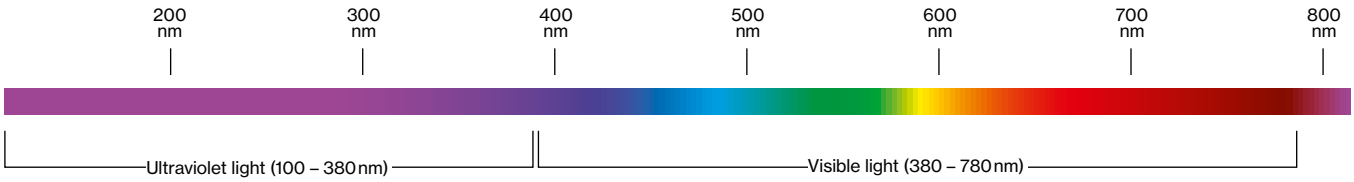

Interchangeable lenses
Interchangeable lenses guarantee uncomplicated handling and perfect visibility in all weather conditions.

Robust and scratch-proof
Made of extremely durable polycarbonate, the lenses withstand temperatures down to –40 °C without compromising mechanical strength. A special coating to protect against damage according to standard EN ISO 12312-1 makes the lenses scratch-resistant without impairing the view.

Soft nose pads and earpiece ends
A pair of glasses fits perfectly when you cannot feel them. Soft nose pads and soft earpiece ends ensure pressure-free wearing comfort.
The soft earpieces are cold-formable on a variety of models. They ensure a perfectly secure fit.

UV protection
Ultraviolet absorbers integrated directly into the raw material filter 100 % of harmful UVA, UVB, and UVC radiation up to 400 nm.

European standard for downhill skiing and snowbaording googles
EN ISO 18527-1:2022 / EN ISO 18527-1

100 % UV protection up to 400 nm
Our UV absorber offers 100 % protection against damaging UV rays up to 400 nm.
